MEMO FOR: C/PROD

FROM: D/FBIS

SUBJECT: FY-89 Incremental Funding Increase

REFERENCE: A. Your Memo, dtd 27 Jul 88, Subj: FY-89 Forecast
B. Your Memo, dtd 10 Aug 88, Same Subject

In comparing the two Refs, I am a bit confused as to which parts overlap. That is, except for a couple of thousand, many of the proposed funding levels appear to be the same. What I would find useful, particularly with respect to the Soviet target, is the comparison of what we buy in Ref A that we do not get in Ref B.
